**Athletic Director Report**- Fall Athletic meeting on July 28<sup>th</sup> time was changed to 4:30 to 6:30 to feed the attendees, approximately 250 people. Booster club members will speak at the meeting to individual teams to try to increase membership and involvement at the 7:30 meeting after the feed and general meeting. Pig Roast will be held in the inside concessions. Updated membership form and script for booster members will be provided prior to the 28<sup>th</sup>. Will try and set up a "team parent" system for each sport to aid in concessions volunteer help. Dean will stress to coaches and at the meeting that parent participating in the concessions is mandatory or may end up going to a payout program. Quite a few coaching positions for high school and middle school are still in need for fall and winter sports. For playoff games we need to tap into the non-concession sports for assistance like cheer, tennis, and golf.
